## OUR COURSES

Whether you want to gain a foundation in the basics of fashion design, launch a career in this dynamic area or start your own fashion design business we have the right course for you. When paired with the feedback and guidance you will receive from your personal tutor, our courses will give you everything you need to build a successful career in fashion design.

The **Certificate** in Fashion Design is a standalone course and is designed to develop interest and knowledge in fashion and textile design.

The **Diploma** in Fashion Design is an ideal course for the serious hobbyist or someone who is considering starting a career in fashion design.

The **Postgraduate Diploma\*** is our most popular course, and is ideal for anyone looking to start a career in fashion design or work for themselves. The course covers subjects including: understanding fabrics, pattern creation and garment construction, building your portfolio, setting up your business, and all the technical information you will need to keep up-to-date with the latest developments in the industry.

The **BTEC Higher National Certificate\*** covers the same material and assignments as the Postgraduate Diploma but you are registered as a BTEC student and receive a BTEC qualification on completion of the course. This highly recognised qualification allows direct progression into our BTEC Higher National Diploma course, or you can use the 120 credits awarded by this qualification towards advanced entry into a university degree.

The **BTEC Higher National Diploma\*** is the highest level of qualification we offer. This course is designed to give you the skills needed to succeed as a fashion designer, and includes units in building your portfolio, brand identity and setting up your business, and all the technical information you will need to keep up-to-date with the latest developments in the industry. You can also use the 240 credits awarded by this qualification towards advanced entry into a university degree.

\*These courses come with an optional one month work placement in the greater Dublin area.

*All of our courses are part-time and fully accredited.*

### ABOUT BTEC

BTEC has been the most successful applied learning brand for over twenty five years. Today, BTEC is administered by Edexcel who are owned by Pearson Education, the world's largest education brand.

BTEC vocational courses allow students to gain the practical skills needed to enter the workforce or to gain access to the second or third year of university.

The courses are offered by approved learning centres whose staff, tutors and courses have been thoroughly vetted, and are continually monitored by Edexcel.

## CHOOSING THE RIGHT STUDY OPTION

Our home study courses offer you the flexibility to complete your assignments when it is convenient for you. You can work at your own pace and spend as much or as little time on an assignment as you need.

Our part-time classroom-based courses cover the same material as the home study courses but with the added benefit of weekly evening or bi-monthly Saturday classes conducted by our expert tutors. This blended learning approach ensures that you receive the optimum support and knowledge required with the least amount of disruption to your personal schedule.
